St. Paul, Minn.,
Oct. 18, 1917.

Pres. of Toronto University,
Toronto, Ont., Canada.

My dear Sir:-

I am thinking of becoming a librarian and wanted to know if you offer a course in library work in your school.

I am a Canadian, but have received most of my education in this country. I am a graduate of a high school and of one of the Minnesota State Normals.

Will my credits be accepted in your university and if so how long

Dawson, J. W.

OCTOBER 1917

will it take me to complete the course?

Could you give me any idea of what my expenses what be?

Do the graduates find it hard to secure positions in Toronto? At what salary do most of them start?

Yours very truly,
(Miss) Esther M. Dawson.

Miss E. M. Dawson,

1250 White Bear Rd.,

St. Paul, Minn.

Dear Miss Dawson:

In the University of Toronto we have no course which prepares for library work. Those who hold positions in our library are for the most part graduates of the University, and some of them have received their training elsewhere. A knowledge of Modern Languages is highly desirable.

Yours sincerely,

President.
